

Box Pallet Type 1120

Super performance box pallets, available in standard sizes as well as customised to meet your exact requirements. Base reinforcements ribs and side walls linked to column corner posts allow safe stacking up to load of 4 tones. Resistant to chemical corrosion and ultra violet rays, our box pallets are light enough for easy handling.

- One-piece injection moulded bin that provides great strength and resistance to damage
- HDPE structural foam
- Available in solid or perforated
- For all types of powders, liquids, granulated materials
- Fully recyclable
- Easily customised
- Excellent performance for extreme temp. -40°C up to +60°C
- UV radiation resistant
- Long life span
